staining method, differential
for mast cells 194ff, (L) 246, (L) 464
Strongyloides stercoralis
chemotherapy 421
control 420
super-multiple describership (L) 112
superoxide dismutase
helminths (L) 112
hookworm immunity 256
systematics (L) 224

T

T cells
activation in human lymphatic filariasis 50ff
mediating immunity to *Theileria parva* 14ff
programmed death in exprimental Chagas disease 390ff
response in filariasis 51ff
role in *Trypanosoma cruzi* infections 7ff
subpopulations in Chagas disease 6ff
tolerance induced by maternal antibodies 96ff
see also $CD4^+$ T cells; $CD8^+$ T cells
T-helper cells
and filariasis 53
malaria immunity 334ff
Taenia solium
cysticercosis 124ff, (L) 389
taxonomy (L) 224
Acanthamoeba sohi as new species 200
Theileria parva
immunity mechanisms 14ff
pathogenesis 14ff
T-cell responses 17ff
ticks
vaccine development 91ff
Toxocara spp 241
toxocarosis 241
Toxoplasma gondii 241
immune response 268ff
toxoplasmosis 241
transcription
small RNA genes in trypanosomes 225ff
transfection
in study of organelle biogenesis 25ff
transgenic arthropods
pest-management programs 229ff
transglutaminase activity
in microfilarial sheath (L) 254
Tribolium confusum
Wolbachia pipientis influencing sperm utilization 168
Trichinella spiralis
host cell cycle arrest 187
infection, effects on mammalian skeletal muscle cells 185ff
Trichomonas vaginalis
cytoadherence 70ff
pathogenesis 70ff
Trichostrongylus colubriformis
benzimidazole resistance 148
tropomyosin epitopes
convergent evolution 45ff
trypanolysis
high-density lipoproteins 348ff
Trypanoplasma borreli
RNA editing 363
Trypanosoma brucei
genetic exchange 465ff
mitochondrial RNP complexes 265
organelle biogenesis 25ff
shuttle vectors 448ff
Trypanosoma brucei brucei
HDL-independent lysis 444ff
high-density lipoproteins 348ff
Trypanosoma brucei gambiense 303ff
Trypanosoma brucei rhodesiense
resistance to high-density lipoproteins 351
Trypanosoma cruzi
cysteine protease 279ff
genome sequencing 315
infection, T-cell depletion and 6ff
shuttle vectors 447ff
Trypanosoma evansi
broad host range 131ff
distribution 131ff
trypanosomatids
core histones 79ff
glycosomes 25
trypanosomes
African, double expressor switch intermediates (L) 24
chromatin, functional morphology 79ff
genetic exchange (L) 464
identification (L) 347
laboratory crosses 467
RNA editing 265ff, 363
shuttle vectors 447ff
sleeping sickness epidemic 303ff
small RNA genes 225ff
stage-regulated gene expression 217ff
triploid hybrids 465
tsutsugamushi disease 200
tubulins
β-tubulin in benzimidazole-resistant helminths 148ff
targets in *Leishmania* chemotherapy (L) 183
tumour necrosis factor

host defence 208
malarial toxins stimulating production 206ff, 462

U
U-snRNA gene expression 226ff
urogenital pathogens
Trichomomas vaginalis 70ff

V
V-ATPase
Entamoeba histolytica 417ff
vaccine development
alveolar echinococcosis 5
babesiosis 456ff
chitinase 46ff
coccidiosis 89ff, 263
hookworms 258
irradiated cercariae 288ff
leishmaniasis 357
malaria 10ff, 182, 197ff
nucleic acids 113ff
Schistosoma japonicum 163ff
schistosomiasis 191ff, 288ff, 443
ticks 91ff
worm control 61
vectors
anti-insect antibodies 146
immunological strategies for control of 144ff
venom
host/parasitoid systems 374
Vietnam
parasitology in (L) 68
VSG gene expression
trypanosomes 221

W
Wolbachia pipientis
as symbiont or parasite 168
worms
control 56ff, (L) 183

Back Issues of Elsevier Trends Journals

Back issues from 1994 and 1995 are available to our customers at the following rates. Please state which issue(s) and quantity you require, including the volume and number (or year and month).

Issues(s): _____

_____

_____

Please tick how many copies you would like below. Back issues are available in bulk at discounted rates – institutions/libraries must pay institutional rates.

Individual Rates

- ❑ Single copy £18.00/$29.00 each
- ❑ Five copies £76.50/$123.25 (includes 15% discount)
- ❑ Ten copies £135.00/$217.50 (includes 25% discount)

Institutional Rates

- ❑ Single copy £40.00/$64.00 each
- ❑ Five copies £170.00/$272.00 (includes 15% discount)
- ❑ Ten copies £300.00/$480.00 (includes 25% discount)

*Hardbound compendia of previous volumes are available to institutional subscribers. Please ask for further details.

PAYMENT METHOD:

- ❑ Personal cheque, Eurocheque, or money order made payable to **Elsevier**
- ❑ Credit card
  - ❑ Visa ❑ Mastercard ❑ American Express

Card no: _____

Expiry date: _____
